In response to the Official Action dated October 7, 2002, please amend the present application as follows.

IN THE SPECIFICATION:

Please amend the specification as follows.

On page 1, line 3, before "The invention..." insert --**Field of the Invention**--.

On page 1, line 8, before "Fresh activated..." insert --**Background of the Invention**--.

On page 1, line 15, before "According to" insert: --**Summary of the Invention**

The invention relates to a filter comprising an intermetallic reagent which binds with

a gaseous component of a gas stream to remove the gaseous component from the gas

stream. The invention also relates to a method of manufacturing a filter which is useful for
